DETAILED ACTION

The following action is in response to the amendment filed for application 10/633,323 on July 29, 2005.

Drawings

The drawings were received on July 29, 2005. These drawings are approved.

Election/Restrictions

Claim 39 is generic and allowable. Accordingly, the restriction requirement as to the encompassed species is hereby withdrawn and claims 42-43, 47, 58, 60-64, and 75, directed to the species of other species are no longer withdrawn from consideration since all of the claims to this species depend from or otherwise include each of the limitations of an allowed generic claim.

In view of the above noted withdrawal of the restriction requirement as to the linked species, applicant(s) are advised that if any claim(s) depending from or including all the limitations of the allowable generic linking claim(s) be presented in a continuation or divisional application, such claims may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application. Once a restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 44 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.
